

## NETWORK INFRASTRUCTURE JOB FAMILY

### CAREER PATH

#### **Network Infrastructure Technician**

This is a first-level network operations position that typically works within the framework of established operating procedures and in close cooperation with internal and external network support providers to troubleshoot and maintain network and communication user devices and links. This position focuses on network operations in a WAN/LAN environment, including both data and voice. This position places orders for network equipment within approved standards and modifies configuration settings and components and installs network cabling and fiber. A Network Infrastructure Technician implements basic firewalls and routers and monitors routine network performance. This position conducts simple analysis and documentation of configuration management, prepares documentation for all actions taken, and implements back up configuration.

#### **Knowledge, Skills, and Abilities**

Working knowledge of and the ability to demonstrate successful use of computer equipment and associated software/databases in the performance of duties.

Knowledge of and the ability to demonstrate understanding of all assigned areas of network infrastructure, as well as the laws, principles, and practices as they are related to implementation within the agency.

Knowledge of and the ability to demonstrate understanding of the agency's policies, procedures, rules, and regulations in the performance of duties.

Possess and demonstrate successful communication skills in English via all modes of communication.

Possess and demonstrate successful management and prioritization of work within predetermined deadlines and stressful/adverse situations.

Possess and demonstrate the ability to successfully work as a team member and positively interact with a variety of people, as well as work hours as assigned.

Ability to demonstrate successful performance in the research, gathering, correlating, and analyzing of facts to develop reports, charts, recommendations, and/or solutions in the performance of duties.

## NETWORK INFRASTRUCTURE JOB FAMILY
